Summary Statement

This Second Supplemental Historic Property Survey Report (Second Supplemental HPSR) has been prepared for the Fresno to Bakersfield Section of the California High-Speed Train Project (HST Project). The purpose of this report is to tabulate the findings of the Second Supplemental Historic Architectural Survey Report (Second Supplemental HASR) prepared November 2013. The Second Supplemental HASR documents the identification and evaluation of historic-era built environment resources within areas recently added to the Area of Potential Effects (APE) for the Fresno to Bakersfield Section of the HST Project.

This Second Supplemental HPSR includes eight tables that summarize the eligibility status of the historic architectural resources evaluated in the Second Supplemental HASR. The tables list properties within the APE previously recorded eligible (Table 1); properties previously found ineligible (Table 2); properties previously recorded but that have a change in their eligibility status (Table 3); properties found eligible as a result of this study (Table 4); properties identified as historical resources for the purposes of the California Environmental Quality Act (CEQA) (Table 5); properties not surveyed for this project due to inability to access (Table 6); ineligible properties evaluated in this study on DPR523 forms (Table 7); and ineligible properties evaluated through streamlined documentation (Table 8).

This Second Supplemental HPSR reports the conclusion of the Second Supplemental HASR: a contributor to one landscape property is eligible for listing in the NRHP and CRHR, and 66 individual properties do not meet the criteria for listing in the NRHP or the CRHR. Twenty-four of those properties were evaluated on DPR523 forms (Table 7), and 42 resources within the supplemental APE were evaluated using streamlined documentation, as defined in the HST Section 106 Programmatic Agreement for the High-Speed Train Project (Table 8). Resources constructed less than 50 years ago within the supplemental APE did not require further study. Detailed documentation conducted for this study for the eligible and ineligible properties listed below is provided in the Second Supplemental HASR.

Table 1
 Built Environment Resources Located in the APE Previously Recorded Eligible

2 nd Sup. HASR Map ID#	APN	Address / Historic Name	City	County	Year Built	Eligibility			CHRS Code
						Local Register	CRHR	NRHP	
	N/A	Washington Irrigated Colony Rural Historic Landscape		Fresno	1878-1910	N/A	1, 3	A, C	2
10	33511011	7870 S. Maple Avenue (contributor to landscape)	Fresno	Fresno	1911	N/A	1, 3	A, C	2D

Table 2
 Built Environment Resources Located in the APE Previously Recorded Ineligible

None

Table 3
 Built Environment Resources Located in the APE Previously Recorded – Change in Status Code

None

Table 4
 Newly Identified Built Environment Resources Found Eligible as a Result of this Study

None

Table 5

Previously Identified as Historical Resources for the Purposes of CEQA Only (Not a Section 106 Historic Property)¹

None

Table 6

Properties Located in the APE that Contain Buildings At Least 50 Years of Age That Were Not Surveyed Due to Inability to Access

None
